## 纺织品服装服饰、皮革制品检测领域

Textiles, Garments, Accessories and Leather Products Testing Field

涵盖纤维、纱线、纺织品及其制品、产业用纺织品、羽绒羽毛及其制品、皮革 / 毛皮及其制品、鞋与鞋材、箱包及配件、医用辅料及防护用品等纺织品服装服饰及皮革制品产业链。

It covers the industrial chain of textiles, garments, accessories and leather products such as fibers, yarns, textiles and their products, industrial textiles, down & feather and their products, leather/fur and their products, shoes and material of shoes, bags and their accessories, medical materials and protective articles, etc.

## 食品检测领域

Food Testing Field

涵盖特殊食品 (特殊医学用途配方食品、婴幼儿食品、保健食品等) 以及普通食品 (运动营养食品、乳制品、糕点等) 在内的32大类食品、农产品、生活饮用水、宠物食品以及食品相关产品等。

It covers 32 categories of food, agricultural products, drinking water, pet foods and food-related products, including special food ( foods for special medical purposes, foods for infants and young children, health foods, etc ) and general food (sports nutrition foods, dairy products, pastries, etc ).

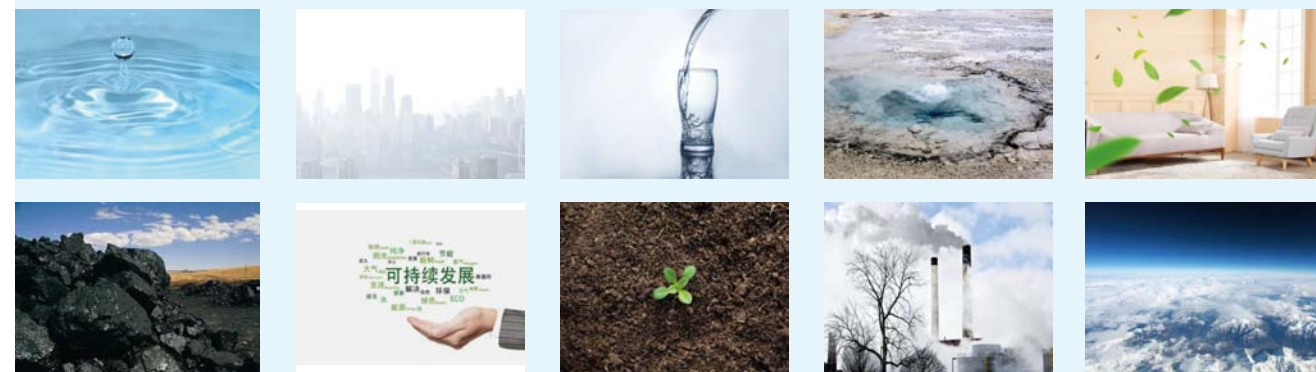

## 生态环境检测领域

### Ecological Environmental Testing Field

涵盖生活饮用水、水和废水、矿泉水、水质、环境空气和废气、土壤、沉积物、室内空气、海水、噪声和振动、燃料、公共卫生、固体废物、辐射、油气回收等。

It covers drinking water, water and wastewater, mineral water, water quality, ambient air and waste gas, soil, sediments, indoor air, seawater, noise and vibration, fuel, public health, solid waste, radiation, oil and gas recovery, etc.

## 工程质量检验检测领域

### Engineering Quality Inspection and Testing Field

涵盖地基基础、建筑结构、道路桥梁、建筑材料、建筑设备、建筑电气、建筑节能、建筑环境、幕墙、园林绿化检测，房屋安全鉴定，建筑基坑监测及海绵城市建设效果评估及安全咨询服务等服务。

It covers foundation, building structure, road and bridge, building materials, construction equipment, building electrical, building energy saving, architectural environment, curtain wall, landscaping & greening testing, housing safety appraisal, building foundation pit monitoring, project safety consulting service, etc.

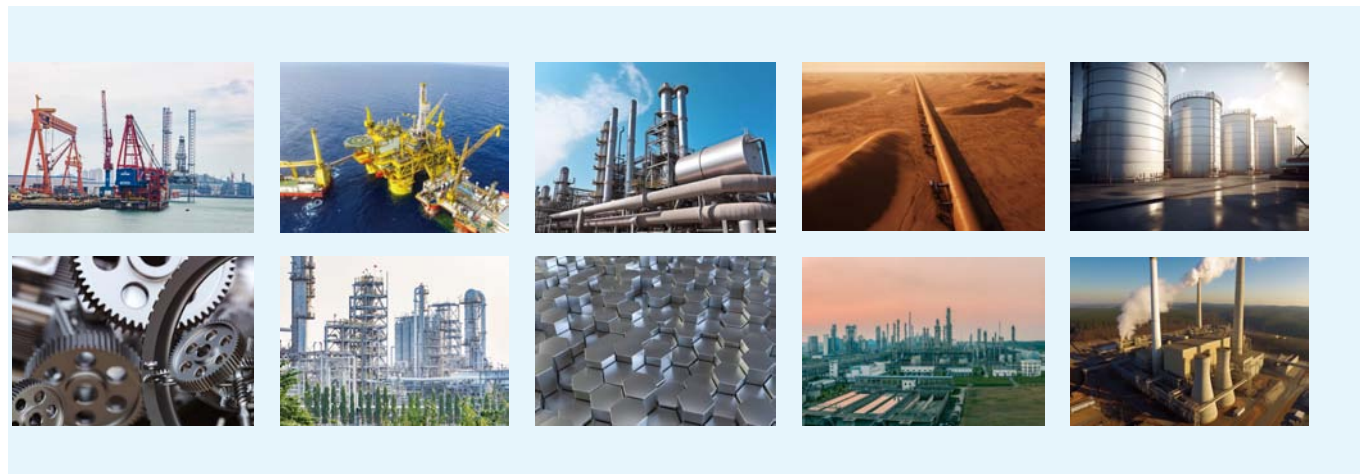

## 特种设备领域

### Special Equipment Field

可承接各类检验检测服务、理化试验服务；辐射监测；放射性污染监测；专用设备修理；技术服务等业务。无损检测服务涉及行业：特种设备、压力容器、石化装置、长输管道、造船、海工、火电等行业。

It can undertake various inspection and testing services, as well as physical and chemical testing services; Radiation monitoring; Radioactive contamination monitoring; Special equipment repair; Technical services and other businesses. Non destructive testing services involve industries such as special equipment, pressure vessels, petrochemical plants, long-distance pipelines, shipbuilding, marine engineering, thermal power, etc.

## 轻工、化工检测领域

### Light Industry and Chemical Industry Testing Field

涵盖玩具童车、文具和学生用品、头盔、眼镜、染料及染料助剂、塑料制品、纸制品、洗涤消杀产品、化妆品等。

It covers toy buggies, stationery and student supplies, helmets, glasses, dyes and dye auxiliaries, plastic products, paper products, washing and disinfection products, cosmetics, etc.

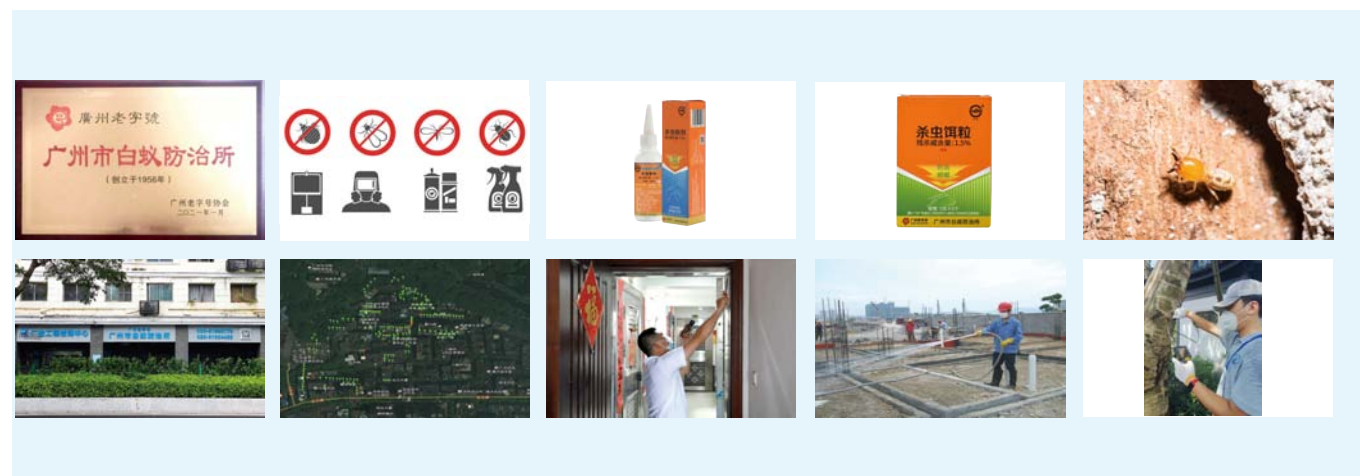

## 虫害防治领域 Pest Control Field

涵盖白蚁灭治、白蚁监测、新建工程和装修工程白蚁预防、病媒生物防治、红火蚁防治、环境消毒等服务及相关药品销售。

It covers termite control, termite monitoring, termite prevention for new construction and decoration projects, vector biological control, red imported fire ant control, environmental disinfection services and related drug sales, etc.

## 能力验证 Proficiency Testing

涵盖纺织品、医用辅料及防护用品、食品、环境、建筑材料等检测领域的的能力验证、测量审核、实验室间比对。

It covers proficiency testing, measurement audit and interlaboratory comparison of textile, medical material and protective equipment, food, environment, construction materials testing field.

## 认证服务

### Certification Services

可面向市场开展全方位、多领域、深层次的认证服务，为客户提供公正、客观、专业、精准的认证及培训服务，赋能企业提高生产管理水平、提升品牌效应，推动转型升级，实现可持续、高质量发展。

It can carry out all-round, multi-field and in-depth certification services for the market, provide customers with fair, objective, professional and accurate certification and training services, empower enterprises to improve production management level, enhance brand effect, promote transformation and upgrading, and achieve sustainable and high-quality development.

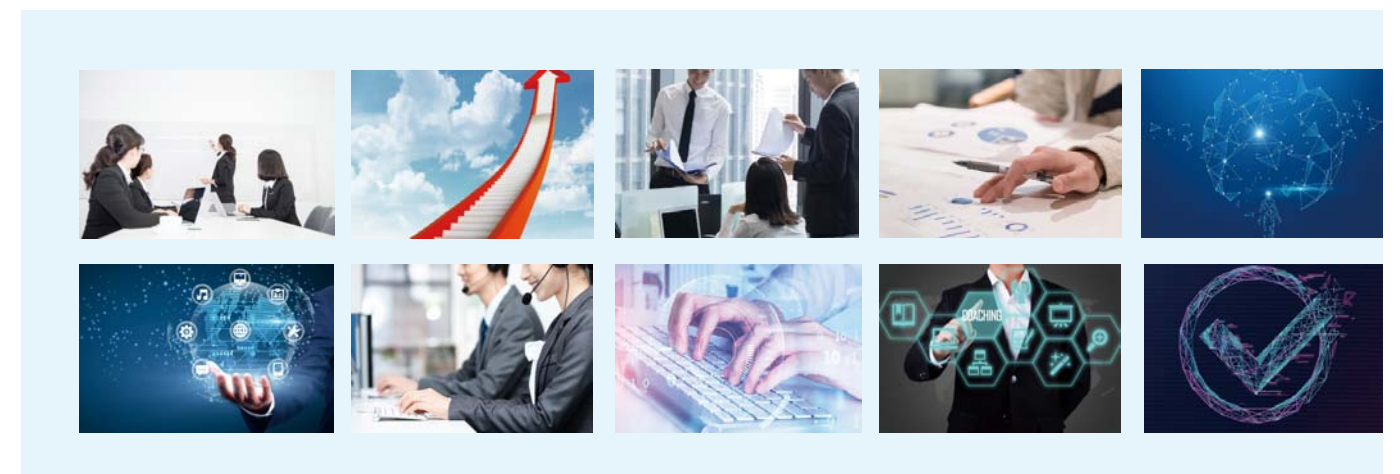

## 技术咨询和培训服务

### Technical Consulting and Training Services

提供线上、线下的标准培训、专题讲座、技术研讨、管理方案解决等，覆盖标准、计量、检验检测、认证认可、科技服务等多方面，通过建立质量基础设施（NQI）“一站式”服务平台，为客户提供更全面、更便捷和更贴合需求的解决和提升方案。

Provide on-line and on-site technical services cover standard training, special lectures, technical seminar, management solution, etc., covers standards, measurement, testing, certification and accreditation, technical service, through the establishment of a "one-stop" service platform for quality infrastructure (NQI), it will provide customers with more comprehensive, more convenient and more fit the needs of the solution and improvement plan.

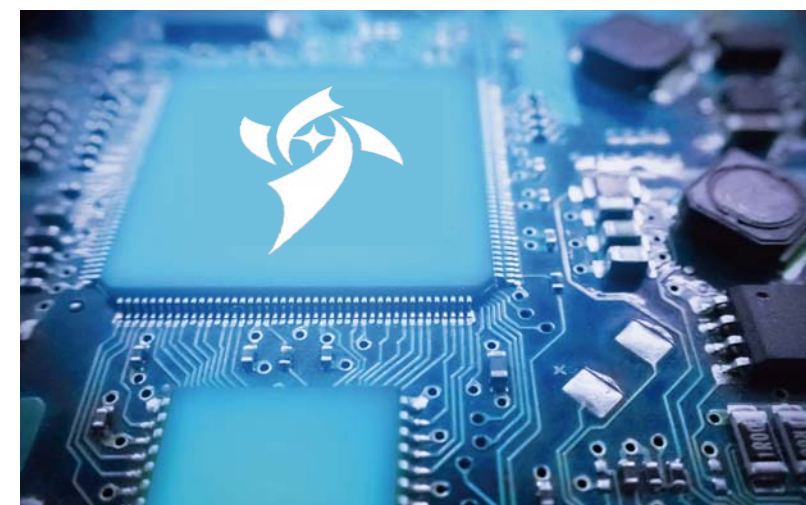

## 实验室服务

### Lab Based Services

提供检验检测新技术开发服务,包括检测仪器、检测设备的研发、生产、代理及销售,标准样品、检测试剂和耗材的研发、生产、代理及销售,实验室设备、设施的维护保养等;检验检测信息化数字化服务,包括实验室信息管理系统的软件开发与销售;实验室综合性服务,包括实验室建设、咨询、管理、培训等技术服务;供应链质检与合规性服务。

It provides new technology development services for testing equipment and supplies, including R&D, production, agency and sales of testing instrument and equipment, R&D, production, agency and sales of standard samples, testing reagent and consumables, as well as maintenance of lab equipment and facilities. Information-based digitalized services for testing, including development and sales of software for lab information management system. Comprehensive lab services, including technical services of lab construction, consulting, management and training. Supply chain quality inspection and compliance services.

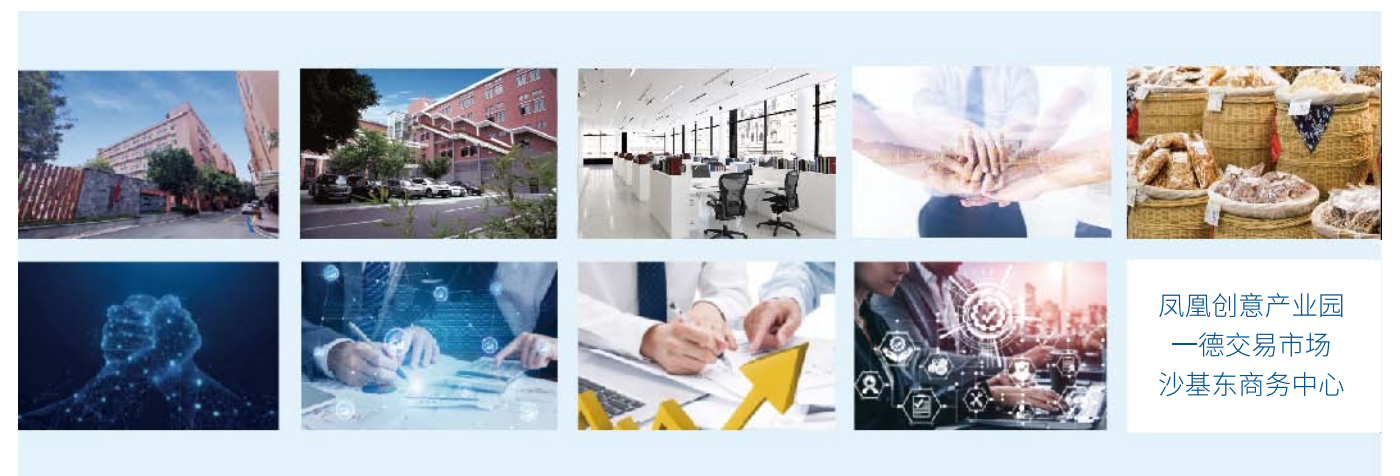

## 市场管理服务

### Market Management and Service

致力于提供一流的经营环境和专业的市场服务,聚焦高质量发展,积极推进智慧园区、智慧城市服务能力提升,以广州市质量基础设施“一站式”服务平台建设为引擎,依托广检集团“检验+”等创新服务模式和资源,重点打造“园区市场+认证服务+技术服务”的新型市场服务平台,努力为企业行业提供全方位、精准化、高效化的专业技术服务。

It is committed to providing excellent business environment and professional market services, focusing on high-quality development, and promoting the service capacity of Smart Park and Smart City, basing on the one-stop service platform development of Guangzhou National Quality Infrastructure(NQI), relying on the "Testing +" and other innovative service modes and resources of GTTC, focusing on building a new market service platform of "Market + Certification Service + Technical Service", and providing comprehensive, accurate and efficient technical services for enterprises and industries.
